

MASTER SERVICES & TECHNOLOGY AGREEMENT

FRAMEWORK ENTERPRISE & CONSULTING SERVICES CONTRACT

PII REDACTION SYSTEM TEST MATERIAL: This document contains synthetic, simulated Personally Identifiable Information (PII) structured realistically across 5 pages. It is designed to evaluate named entity recognition (NER), regex validation, and heuristic anonymization pipelines.

This Master Services Agreement (the "Agreement") is entered into and made effective as of October 14, 2025 (the "Effective Date"), by and between the following contracting parties:

Provider: Apex Core Solutions LLC, a technology consulting enterprise incorporated under the laws of Delaware, having its principal place of business operations at 1024 Innovation Way, Suite 400, Wilmington, DE 19801, represented herein by its Senior Vice President of Cloud Operations, Jonathan Vance Jr. (Email: j.vance@apexforesolutions.com, Direct Phone: +1 (302) 555-0192).

Client: Vanguard Health Partners Inc., a healthcare network entity incorporated under the laws of California, with its corporate headquarters located at 404 Health Sciences Parkway, Building B, San Diego, CA 92121, represented herein by its Chief Executive Officer, Dr. Elena Rostova-Silva (Email: e.rostova@vanguardhealthcorp.org, Phone: +1 (858) 555-4321, ext. 89).

WHEREAS, Provider specializes in data systems migration, custom database middleware deployment, and software-as-a-service framework integrations; and WHEREAS, Client desires to retain Provider to perform comprehensive local system overhauls and data processing configurations, including access to legacy systems containing active administrative data. Now, therefore, the parties agree as follows:

1. SCOPE OF SERVICES & PROJECT MANAGEMENT

Provider shall deliver specialized engineering resources, architectural consultation, and project execution services as described in individual Statements of Work ("SOW") executed pursuant to this Agreement. The initial project team deployment shall be overseen by the Lead Architecture Specialist, Marcus Thorne (SSN: XXX-56-7890 / DOB: 04/12/1984), who will act as the primary operational contact. Client designates its Internal IT Compliance Director, Sarah Jenkins-McIntyre, at the San Diego office (Direct Cell: 619-555-0147), to manage secure environment credentials and system authorization validation tokens.

2. RESOURCE ALLOCATION & KEY PERSONNEL IDENTIFICATION

For the execution of SOW-01 (Legacy Database Extraction), specific engineering staff require elevated root access parameters to Client's local physical data repositories situated at the secondary storage facility at 901 Whispering Pines Road, Suite A, Redding, CA 96001. The technical staff assigned to this phase, along with their verified institutional validation metrics, are detailed below for security screening and access clearance verification:

2.1 DATABASE OPERATIONS TEAM

- **Lead Database Administrator:** David E. Cho. Operating from regional remote office located at 1542 North Elm Street, Apt 3B, Chicago, IL 60611. Professional Certification Identifier: DBA-992384-CH. Emergency Contact Number: +1 (312) 555-0188.
- **Senior Cloud Migration Engineer:** Amira Al-Jamil. Contact coordinates: amira.jamil@apexcoresolutions.com; Corporate mobile phone: 202-555-0115. Physical verification address: 789 Crescent Moon Court, Arlington, VA 22201. Passport Verification Tracking Sequence: A-9834721-M.
- **Junior Infrastructure Associate:** Liam O'Connor. Residential registration node: 456 Clover Lane, Boston, MA 02116. Direct communications portal: l.oconnor@apex-ops.net. Employee Identification Index: EE-2023-9051. National Identification Matrix: NID-8832-11-O.

2.2 CLIENT-SIDE COMPLIANCE TEAM

Client compliance verification mandates that all operations are supervised natively by qualified healthcare compliance personnel. The internal supervisory board for this migration cycle consists of the following individuals:

- Rebecca Vance-Gomez, Director of Patient Privacy Systems. Located at 122 Outer Ring Road, Del Mar, CA 92014. Contact: rvance@vanguardhealthcorp.org. Secondary Telephone: 858-555-0922.
- Timothy Vance Corporate Counsel, Legal Affairs Division. Corporate office: 404 Health Sciences Parkway, San Diego, CA 92121. Secure legal dispatch desk: t.vance@vanguard-legal.com. California State Bar Registration Number: CA-998341.

3. COMPENSATION, INVOICING, & FINANCIAL ACCOUNT ROUTING

Client shall compensate Provider for technical professional services rendered at the fixed blended rate of \$185.00 per hour, capped at a maximum bi-weekly allocation unless explicitly authorized via an authorized written amendment. Invoices shall be systematically generated every fourteen (14) calendar days and transmitted electronically to the Vanguard Accounts Payable Division supervisor, Linda Abernathy (Direct Line: 858-555-0111, Email: linda.abernathy@vanguard-finance.net).

All clear clear-clearing corporate monetary transfers shall be processed exclusively via Automated Clearing House (ACH) electronic transfer or wire system directly to Provider's primary operational corporate banking repository. The financial institution metadata is configured as follows:

- **Financial Institution:** Merchants & Commerce Bank of Delaware
- **Branch Operational Routing Location:** 500 N. King Street, Wilmington, DE 19801
- **ABA Routing Number (Transit Indicator):** 021000021
- **Corporate Depositor Account Number:** 994823710552
- **SWIFT / BIC Identification Code:** MCBDDDE2WXXX

In the event of automated payment execution errors, Client financial specialists shall coordinate directly with Provider's Treasury Manager, Gregory Vance, at the commercial processing desk reachable via telephone sequence 302-555-0155 or personal mobile node 302-555-0179 during eastern standard banking hours.

4. DATA PRIVACY, CONFIDENTIALITY, & PII PROTOCOLS

The parties acknowledge that in the course of configuring local database connections, Provider personnel may be exposed to authentic, non-public health information, insurance data, or personal details of Client's user base. Under no circumstances may this data be extracted, transferred, or cached. For the purpose of system diagnostic integrity checks, the parties have established a secure test registry containing synthetic profiles. Any detection of actual client entity attributes must trigger immediate system isolation protocols.

4.1 REPRESENTATIVE DATA STRUCTURE TESTING MODELS

To validate the integrity of local structural matching and field mapping, the following dummy patient structures are injected into the integration test ledger. The system must recognize these as protected patterns:

Test Profile Alpha: Patient Name: Christopher J. Vance; Date of Birth: November 23, 1978; Social Security Identifier: 666-29-4412; Primary Medical Insurance Account ID: VHP-99382-X; Billing Coordinate Hub: 123 Meadowbrook Lane, Escondido, CA 92025. Personal Email Node: chris.vance.78@gmail.com.

Test Profile Beta: Patient Name: Maria Consuela Rodriguez-Vance; Date of Birth: 08/14/1991; Government Tax ID Sequence: 555-12-9876; Medical Record Location Key: MRN-88431-A; Primary Residential Zone: 742 Avenida de la Playa, La Jolla, CA 92037. Primary Voice Link: +1 (619) 555-0164.

Test Profile Gamma: Patient Name: Dr. Alister Vance Sr.; Date of Birth: 02/02/1952; National Provider Identifier (NPI): 1992883410; Corporate Office Vector: 888 Medical Center Plaza, Suite 101, Chula Vista, CA 91911. Direct Emergency Pager Sequence: (619) 555-8819.

4.2 SECURITY BREACH NOTIFICATION MECHANISMS

In the event of an un-anonymized data spill or accidental credential exposure, the discovering party shall issue an immediate high-priority warning message within two (2) hours. The technical contact vectors designated to receive operational emergency data breach notifications are defined explicitly below:

- **Provider Security Response Hub:** security-incident@apexcoresolutions.com / Main Operational Security Operations Desk Phone: +1 (302) 555-0100. Attn: Chief Information Security Officer, Vance Sterling.
- **Client Privacy Response Core:** privacy-breach@vanguardhealthcorp.org / Network Defense Response Center Line: +1 (858) 555-9000. Attn: Data Security Director, Katherine Vance-Aris.

5. INTELLECTUAL PROPERTY & CODE REPOSITORY ACCESS

All core infrastructure integrations, middleware configurations, API connection scripts, and localized wrapper scripts developed specifically under an active SOW shall remain the exclusive intellectual property of Client upon full financial settlement of associated open billing cycles. To facilitate cooperative development protocols, engineering staff will be granted access hooks into private source repositories hosted on external version control servers.

The account management matrix utilizes explicit authorization keys linked directly to the individual professional profiles of the verified engineering technicians. For tracking purposes, the authorized development accounts are mapped as follows: User David Cho (Github Username: dcho-apexcloud; Personal Dev Email: david.cho.tech@outlook.com); User Amira Al-Jamil (Github Username: amira-jamil-codes; Alternate Communication: amira.aljamil@live.com). Automated security audits will flag and suspend any external connections tracking from geographical coordinate loops outside their verified regional base nodes.

6. INDEMNIFICATION & LIABILITY THRESHOLDS

Each party shall defend, indemnify, and hold harmless the other party, its corporate affiliates, corporate officers, operational directors, and field employees from and against any and all third-party claims, liabilities, monetary damages, structural losses, and legal operational costs arising from physical bodily injury, tangible property damage, or gross negligence resulting directly from on-site operational deployment phases executed under this framework agreement.

Except in cases involving intentional malicious misconduct, willful breach of data custody chains, or explicit violations of the non-disclosure terms established herein, neither party shall be held liable to the opposing party for any indirect, incidental, consequential, special, or exemplary damages, including but not limited to loss of commercial revenue, loss of business reputation, or loss of processing uptime, even if advised of the potential occurrence of such events. Total aggregate financial liability under this framework shall be capped at the total financial amount paid by Client to Provider during the immediate twelve (12) month period preceding the primary operational event giving rise to the claim.

7. TERM, TERMINATION, & DISPUTE RESOLUTION PROTOCOLS

This Agreement shall commence on the Effective Date and shall persist for an initial duration of twenty-four (24) consecutive months, unless terminated earlier in accordance with the provisions of this Section. Either party may terminate this agreement without cause by providing sixty (60) days advanced formal written notice to the counterparty's corporate headquarters address.

Any legal conflict, operational divergence, or structural disagreement arising from the interpretation or enforcement of this contract shall first be directed to an internal executive mediation board consisting of senior corporate officers from both organizations. If internal executive resolution is not achieved within thirty (30) business days, the dispute shall be submitted to formal binding arbitration administered by the American Arbitration Association (AAA) in accordance with its Commercial Arbitration Rules. The physical location for all formal arbitration hearings shall be established within a neutral environment in **Dover, Delaware**, and the proceeding language shall be English.

8. FORMAL NOTICES & MISCELLANEOUS GOVERNANCE PROVISIONS

All formal notices, legal demands, contract amendments, or official governance documentation required under this Agreement shall be in writing and shall be deemed sufficiently delivered if sent via certified or registered mail (return receipt requested), recognized national overnight courier service, or confirmed priority electronic mail stream to the specific institutional targets listed below:

8.1 PROVIDER GOVERNANCE CONTACTS

Official	Institutional	Address:
Apex Core Solutions LLC, Attn: Legal Operations Desk, 1024 Innovation Way, Suite 400, Wilmington, DE 19801.		

Primary Executive Escalation Target: Jonathan Vance Jr. (Email: j.vance@apexcoresolutions.com)

Secondary Informational Carbon-Copy Vector: vance.legal.associates@delawarelawn.net (Attn: External Retained Counsel, Reference ID: APX-2025-VANCE).

8.2 CLIENT GOVERNANCE CONTACTS

Official Institutional Address: Vanguard Health Partners Inc., Attn: Chief Compliance Officer, 404 Health Sciences Parkway, Building B, San Diego, CA 92121.

Primary Executive Escalation Target: Dr. Elena Rostova-Silva (Email: e.rostova@vanguardhealthcorp.org)

Secondary Informational Carbon-Copy Vector: compliance-archive@vanguardhealthcorp.org / Dedicated Administrative Legal Assistant Line: 858-555-0199 (Attn: Melissa Vance-Porto).

9. FORMAL SIGNATURES & EXECUTION MATRIX

IN WITNESS WHEREOF, the parties hereto have caused this Master Services & Technology Agreement to be executed by their respective duly authorized corporate officers as of the Effective Date written above. Each signature below certifies total authorization to bind the respective corporate entity to the structural terms, financial conditions, and privacy protocols detailed across the entirety of this five-page framework document.

FOR PROVIDER:

Apex Core Solutions LLC

FOR CLIENT:

Vanguard Health Partners Inc.

By: Jonathan Vance Jr.

Title: Senior Vice President of Cloud Operations

Date: October 14, 2025

IP Authorization Node: 192.168.42.105

Digital Signature Token: VANCE-J-88349-APEX

By: Dr. Elena Rostova-Silva

Title: Chief Executive Officer

Date: October 16, 2025

IP Authorization Node: 10.200.15.44

Digital Signature Token: ROSTOVA-E-99321-VNGD

APPENDIX A: LOCAL TEST ENVIRONMENT TARGET MATRIX

The following technical configuration values are explicitly added to this document to supply structural targets for automated parsing engines validating security configuration rules. These profiles represent internal deployment servers and testing administrators:

Infrastructure Node 101: Located at the provider's secondary cloud cluster facility managed by Arthur Vance-Wells (Corporate Phone: 302-555-0122, Personal Mobile: 302-555-0163; Living at 612 Oak Ridge Court, Newark, DE 19711). Host Access Sequence: admin_vance_wells / Access Level: Tier 3 Systems Architect.

Infrastructure Node 102: Supervised natively by client network technician Nancy Vance-Smythe (Direct Line: 858-555-0182, Corporate Mail: nancy.vance@vanguardhealthcorp.org; Residential Listing: 10988 Via de la Valle, Del Mar, CA 92014). Social Account Tag for secure communications validation: @nvance_smythe_tech. Internal Employee Tracking Code: EMP-VNG-88321.
